

```
std::iterator< std  
::forward_iterator_tag,  
this_t >
```

A diagram illustrating the relationship between two C++ types. A light gray box at the top contains the text `std::iterator< std::forward_iterator_tag, this_t >`. A dark gray box at the bottom contains the text `BaseNode< this_t >::NodeIterator`. A blue arrow points from the bottom box to the top box, indicating that `BaseNode< this_t >::NodeIterator` inherits from or is a specialization of `std::iterator< std::forward_iterator_tag, this_t >`.

```
BaseNode< this_t >  
::NodeIterator
```
